

MENC 2017

13th Meeting of Mid-Eastern Neurointerventional Club
May 24 – 26, 2017
Prague, Czech Republic

SCIENTIFIC PROGRAM

(updated on May 18, 2017)

Thursday, May 25

8.30–10.45 Session I: Ischemic stroke

Iatrogenic stroke... watch out for the obvious
Brouwer P (Stockholm, Sweden)

Mechanical thrombectomy beyond standard therapeutic time window – case report
Cihlar F, Cernik D, Smolka V, Prcuchova A (Usti nad Labem, Czechia)

Circle of Willis and mechanical revascularization – interesting cases
Milosevic Z (Ljubljana, Slovenia)

Tandem occlusion stroke cases of posterior circulation
Berentei Z (Budapest, Hungary)

Unsuccessful endovascular treatment of posterior circulation stroke in patients with basilar artery stenosis
Gardijan D, Ozretic D, Jovanovic I, Rados M (Zagreb, Croatia)

Carotid artery dissection – case reports
Snajdrova A, Janouskova L, Klener J, Remes F (Prague, Czechia)

How to treat this vertebral dissection? (Single vertebral artery with ASA coming off of dissecting portion)
Brouwer P (Stockholm, Sweden)

Interesting cases of thrombectomy
Cognard C (Toulouse, France)

Our early experiences in endovascular management of acute ischemic stroke
Andjelic D (Novi Sad, Serbia)

10.45–11.15 Coffee break

MENC 2017

13th Meeting of Mid-Eastern Neurointerventional Club
May 24 – 26, 2017
Prague, Czech Republic

11.15–12.30 Session II: Aneurysms I

Serpentine intracranial aneurysms: pathophysiology, treatment options
Kocer N. (Istanbul, Turkey)

Stenoses of cerebral arteries and mycotic MCA aneurysm
Zelenak K, Zelenakova J, Kolarovszki B, DeRiggo J, Kurca E (Martin, Slovakia)

Blister aneurysm – cases of unpredictable
Berentei Z (Budapest, Hungary)

Neonatal intracranial aneurysm treatment
Pedowski P (Kosice, Slovakia)

Aneurysm of the chorioidal artery: surgical approach
Sames M. (Usti nad Labem, Czechia)

12.30–13.30 Lunch break

13.30–14.45 Session III: Aneurysms II

Endovascular treatment of wide-neck and bifurcation intracranial aneurysms using WEB device – a single center 3-year experience
Mis Marcin, Mis Maciej (Wroclaw, Poland)

Influence of WEB oversizing
Cognard C (Toulouse, France)

Unusual complications with flow diverters
Cognard C (Toulouse, France)

The case that makes your heart stop for a minute (re-rupture during a 3D angio)
Brouwer P (Stockholm, Sweden)

Elective coiling with rupture... should we have given double antiplatelets?
Brouwer P (Stockholm, Sweden)

14.45–15.15 Coffee break

MENC 2017

13th Meeting of Mid-Eastern Neurointerventional Club
May 24 – 26, 2017
Prague, Czech Republic

15.15–16.45 Session IV: Aneurysms III

An "untreatable" MCA aneurysm with all branches arising from the dome – the "Teddy Bear" technique

Mis Marcin, Mis Maciej (Wroclaw, Poland)

A fractured LEO stent...

Brouwer P (Stockholm, Sweden)

Four hands and four eyes... who is in charge. Complication due to 'equal partnership'

Brouwer P (Stockholm, Sweden)

Endovascular treatment of wide-neck and bifurcation aneurysms using pCONus device – Lower Silesia Centers initial experience

Mis Marcin, Mis Maciej (Wroclaw, Poland)

How a patient died of his flow diverter after 3 years...

Brouwer P (Stockholm, Sweden)

Rudolf II and Prague

Krajina A (Hradec Kralove, Czechia)

Friday, May 26

9.00–10.30 Session V: Aneurysms IV

PICA aneurysm

Vavrova M (Ostrava, Czechia)

How would you treat this basilar tip aneurysm?

Boccardi D (Milan, Italy)

Basilar artery dissection.

Zelenak K, Zelenakova J, Kurca E (Martin, Slovakia)

Two similar cases of AA ACA/ACoM: treatment problems, outcomes and long follow-up more than 10 years

Scheglov D (Kiev, Ukraine)

MENC 2017

13th Meeting of Mid-Eastern Neurointerventional Club
May 24 – 26, 2017
Prague, Czech Republic

Giant fusiform basilar artery aneurysm: remodeling with FDs?

Krajina A, Kocer N, Cesak T, Krajickova D (Hradec Kralove, Czechia, Istanbul, Turkey)

Double barrel flow diverter in partial non fusion aneurysm on the basilar artery

Brouwer P (Stockholm, Sweden)

10.30–11.00 Coffee break

11.00–12.30 Session V: AV shunts

19 y/o and posterior fossa AVM. How to manage pre-surgical embolization logistically

Brouwer P (Stockholm, Sweden)

Spinal dural AV fistulas: surgical approach

Cesak T, Adamkova J, Krajina A (Hradec Kralove, Czechia)

How treatment of venous vascular malformations can be difficult or even dangerous (lesson on mimic and risk of undetected sinus pericranii)

Brouwer P (Stockholm, Sweden)

Arterial rupture during Scepter assisted Onyx embolization of a pial component of a tentorial dural fistula

Lazar I (Miskolc, Hungary)

How to cause bradycardia by pulling on your microcatheter... (AVM case with a glued catheter that did not come out, surgically removed AVM)

Brouwer P (Stockholm, Sweden)

Embolisation of thalamic AVMs

Krajina A, Kocer N, Cesak T, Krajickova D (Hradec Kralove, Czechia, Istanbul, Turkey)

12.30–14.00 Lunch

Conclusion
